

Universidad Central “Marta Abreu” de Las Villas, develop the consultation process of its new Internationalization Strategic Plan for the period 2019-2023.

In the week of November 19 to 23, 2018, the process of consultation and revision of the Internationalization Strategic Plan proposal for the period 2019-2023 in the UCLV began. Within the framework of the FORINT Project, the university have been provided by the tools required for an accurate construction of the strategy, in accordance with experts and decision-makers of the institution.

In a first stage, the general proposal was presented in the current Directorate of International Relations. After the opinions of the members and advisors of this direction and the introduction of some modifications, the general proposal of objectives was presented on November 21 to the Board of Directors.

This step was fundamental for the development of the action plan that have to be approved on December 1 by the Board of Directors and the Scientific Council of the University.

The objectives were finally defined: The Internationalization of the Curriculum, the Development of the R + D + i with international character and national and regional impact, the Training of the personnel with international standards, the Communication, International visibility and Management of the Information and the efficient Capture of international financial resources.
