

Workshop: Taller Internacionalization of the Curriculum. January 2019, UCLV

On January 8 and 9, the first workshop was held with the members of the Teaching-Educational Vice-Rector's Office and with Vice-Deans, respectively. In both workshops they debated the internationalization of the curriculum. The socialization of the action plan of the internationalization of the curriculum was the axis of the workshops. The areas for the selection of the degrees to participate in this first stage of the process were also instructed.

The partial results obtained were:

- Sensitization of the Teaching-Educational Vice-Rector Office as driving force for the process of internationalization of the curriculum in the UCLV.
- Selection of 12 careers to start the intentional process of internationalization of the curriculum.
- The indicators of the process and their forms of measurement were determined for the year 2019.
- The training of career coordinators to initiate curricular transformations begins.
